

The background is a solid black field. Overlaid on this are several white geometric elements. A large, stylized 'V' shape is formed by two thick white lines that originate from the top left and bottom left and converge towards the center. Another thick white line extends from the top right towards the center. Below the 'V', there are several smaller white geometric shapes, including triangles and a small square, some of which are partially obscured by the main lines. The overall composition is dynamic and abstract.

Dedication

We the Senior members of the Beacon Staff do proudly dedicate this yearbook to one who has been our friend and advisor for many years. . .

To one who has loved us, scolded us, teased us, and coaxed us into becoming the kind of people we know we should be. And so it is with grateful hearts we dedicate the 1963 Beacon to. . .

our principal

MR. CURTIS L. RAMSEY

Mr. Curtis L. Ramsey, our Principal, received his A.B. and M.A. degrees from William and Mary College, Williamsburg, Virginia. He has also completed Doctoral study at the University of Virginia.

1963 Beacon Staff

To many students, the school yearbook is nothing more than two covers, but to the members of the staff, the 1963 Beacon is much more. It is planning, drawing, and redrawing layouts, last minute picture-taking, and the frantic efforts to meet a deadline. And finally, it is a feeling of satisfaction for having completed another yearbook for the students and school.

Abingdon Alma Mater

High above town we stand,
Best school in all the land;
We work with heart and hand
For the school we love --
To keep her beauty bright,
And her standards high --
We will pledge our hearts forever
To Abingdon High!

When from her halls we go
Out in the world, we'll show
Her influence still will glow
On us evermore --
Our aim like hers will be,
Reach up to the sky!
So we'll pledge our hearts forever
To Abingdon High!
